

2011 PERMISSIBLE FIREWORKS

According to the City of Winchester Fire Prevention Code it shall be unlawful for any person, firm, or corporation to transport, store, possess, sell, offer for sale, expose for sale, or to buy, use, ignite, or explode any fireworks that are not permissible fireworks as approved by the Fire Marshal.

Fire Marshals from various jurisdictions in the Northern Virginia area determine the acceptability of consumer fireworks offered for sale or use in the Northern Virginia Region through an annual testing and evaluation process. Consumer fireworks meeting specified performance criteria during the evaluation and testing are classified as permissible fireworks and approved for sale and use. The City of Winchester will only allow those fireworks.

APPROVED PERMISSIBLE FIREWORKS

The following permissible fireworks are approved by the Winchester Fire Marshal for sale or use at approved locations within the City of Winchester and shall only be used on private property with the approval of the owner.
