All thru traffic approaching the City of Winchester is strongly encouraged to utilize the alternate travel routes of Interstate 81 and US 37 to bypass the City during the event days of May 2, 2014 to May 3, 2014. In order to most easily access all primary routes such as **US 11** North and South, **US 50** East and West (Including **US 17** South), **US 7** East, and **US 522** North and South the **use of Interstate 81 and US 37 is highly recommended.** Any traffic entering the City of Winchester should expect heavy traffic congestion and potentially lengthy delays throughout the downtown areas. Many streets will be closed to thru traffic and thus may create confusion surrounding normal travel routes including those provided through electronic GPS Navigation Systems.
