Hi Dale,

Please allow me to introduce you, via email, to my husband Scott, who is copied on this message. I'm looking forward to making the introduction in person, as we would like to meet with you personally. We have been following with interest the developing issue of where to place a new communications tower, that apparently will be 250 feet tall. The frontrunner location seems to be near the current water tower at the end of Jefferson St. This location is adjacent to our property, and we have some questions and concerns to ask about. What day next week would be good? If you're in the office Monday, even though it's New Years Eve, that works for us if it works for you. Otherwise, can you throw out some dates and times that work for you? As always, we appreciate your time and attention.

Thank You,

Lauri

Lauri:

The only day that works for me this week is Friday. 11am. is the best time that day but I have some time in the afternoon that would work as well. Please let me know if any of these times work for you and Scott.

Thank you,

Dale Iman

Scott:

OK, 11am. works for me. I'll wait to hear from Laurie to confirm.

Thank you,

Hey Dale-

I am answering for Lauri as she is getting a phone upgrade and may be down for a little while.

I could meet Friday either @ 11 or in the afternoon. I don't think we should take much time.

So I guess we wait until Lauri replies to pinpoint an exact time.

Thx- and looking forward to meeting you finally.
