

Burning For Cure

Winchester Professional Firefighters & Paramedics

The Winchester City Local 3401 and our Brothers and Sisters of the department will be doing our 2nd annual T-shirt fundraiser sale in October for Breast Cancer Awareness Month. Like last year, the proceeds will go to a local organization. This year all of our profits will be donated to Every Woman's Life. This is a great organization located within the City of Winchester. Every Women's Life is a breast and cervical cancer screening program targeted for uninsured women between 50-64 years of age. The grant was funded from the state of Virginia through NIH. However there is still a need to fund those women who are uninsured and under 50. The funds raised by Local 3401 would be used to support breast cancer screening and treatment for those women.

All T-shirts \$15.00
