## MISSION

To provide a safe, vibrant, sustainable community while striving to constantly improve the quality of life for our citizens and economic partners

## VISION 2028

To be a beautiful, vibrant city with a historic downtown, growing economy, great neighborhoods with a range of housing options and easy movement

# CITY MANAGER'S MESSAGE

Dear Honorable Members of Council,

I am pleased to present to you, the residents, and businesses of the City of Winchester, the City's 2016-2020 Strategic Plan. This Plan is the guidebook that provides the direction needed by City staff in order to improve and/or maintain desired services for our community. Through the strategic planning process, City staff has proposed a series of objectives, strategies and action items that will be used to inform decisions on allocating human and capital resources to achieve the identified goals within the Plan. It is through the implementation of this Plan that City staff will be held accountable to achieve the identified goals and determine the impact on Winchester through the utilization of outcome measures and key accomplishments.

The City of Winchester is exceptionally well positioned to meet current and future challenges facing local government and our community. This Plan signifies the City of Winchester's commitment to work together in a collaborative manner for the betterment of the greater community. In pursuing the Plan's goals, the City of Winchester will fully commit to implementing the objectives, strategies and action items to facilitate the city's economic prosperity, better the lives of our citizens and serve as a benchmark for other localities in innovation and efficiency.

This Strategic Plan will be essential in our continued success and will serve as our guide in preparing our annual budget. Staff will update Council and the public periodically regarding progress made as well as recommend Strategic Plan amendments to the Common Council to accommodate for potential changes in Winchester's economy and culture.

I look forward to the challenges that lie ahead and the commitment to excellence in public service that it will take to achieve these goals. I strongly believe that this strategic approach will greatly improve our ability as an organization to effectively respond to the needs of our community.

Eden Freeman  
City Manager

# OVERVIEW

The City of Winchester's 2016-2020 Strategic Plan is a guidebook that will direct the City's pursuance of its vision and desired goals. This strategic plan is the product of months of diligent work by the Winchester Common Council and City staff and provides a benchmark in where we currently are, where we would like to be and how we plan to get there.

## The Strategic Plan is designed to:

- Provide guidance in future policy development and leadership decision-making
- Facilitate stability in the administration and community
- Provide City staff with direction in the implementation of the City's goals

The City of Winchester's 2016-2020 Strategic Plan highlights activities and accomplishments that City departments will complete during the next five years. The following pages outline the four Strategic Plan goals and their corresponding actions, responsible departments and target date for completion. The goals and objectives outlined in this plan are intended to help achieve the community vision for 2028. These targets were created at the department level and represent the means by which the City will reach its Strategic Plan objectives and strategies successfully.

Winchester is characterized by its long history and well-preserved architecture; vibrant and growing downtown; small-town charm and big-city amenities; friendly people; the Shenandoah Apple Blossom Festival and close proximity to outdoor recreation, northern Virginia and Washington, D.C. Winchester is considered one of the fastest growing suburbs of Washington, D.C. (Washingtonian Magazine, 2015) and has been nationally recognized by AARP and Kiplinger's Personal Finance as a great place to retire. It was also recently named one of the top 15 best places to start a business in Virginia (NerdWallet, 2015) and number 15 (out of 200) in Forbes' list of Best Small Places for Business and Careers.

**We will realize our vision by respecting and building on our heritage, leveraging our assets and making wise choices in guiding sound growth and investment.**

## STRATEGIC PLAN DEVELOPMENT PROCESS

The City's Strategic Plan was developed during 2015 and followed the below process:

- 1 Held Council-Staff retreat on January 30, 2015 to determine Council priorities for the next 3-5 years, revise the mission statement and create a new vision for the year 2028
- 2 Drafted 2016-2020 Strategic Plan goals with consultant, Gerhart Enterprises, that incorporated Council's priorities from the data obtained during the retreat
- 3 On April 28, 2015, City Council adopted four goals for the Plan and a revised mission and vision statement
- 4 Following Council's adoption of the goals, City staff continued to meet with Gerhart Enterprises to develop objectives, strategies, action items and community outcome measures for each applicable goal
- 5 Council discussion and approval
- 6 Revisit and update as necessary

## THIS PLAN

## PERFORMANCE INDICATORS

### Goals

Planned achievable targets that the City strives to achieve.

### Objectives and Strategies

Broadly defined intentions that the City must achieve to reach its goal.

### Action Items

Specific projects, programs or actions departments use or implement to accomplish goals and objectives. Action items serve as detailed work plans that lead resource allocation.

### Targets and Target Dates

The desired results and time frame in which the action items should be completed.

### Outcome Measures

Methods used to measure results and ensure accountability.

### Accomplishments

The successful achievement of a task.

## DEPARTMENT KEY

Each action item in the 2016-2020 Strategic Plan has one or more City departments assigned to it. These departments take ownership and are responsible for accomplishing the task. The list of departments are as follows:

<b>CA</b> = City Attorney	<b>PA</b> = Parking Authority
<b>CM</b> = City Manager's Office	<b>PK</b> = Parks & Recreation
<b>C</b> = Communications	<b>PL</b> = Planning
<b>ER</b> = Economic Redevelopment	<b>PD</b> = Police
<b>EM</b> = Emergency Management	<b>PS</b> = Public Services
<b>F</b> = Finance	<b>SS</b> = Social Services
<b>FR</b> = Fire & Rescue	<b>T</b> = Tourism
<b>HR</b> = Human Resources	<b>ZI</b> = Zoning/Inspections
<b>IT</b> = Information Technology	
<b>OT</b> = Old Town Winchester	

NOTE: Other agencies and offices may be utilized as deemed appropriate

## BUDGETING PROCESS AND THE PLAN

Strategic planning and budgeting are integral components of good management. The strategic plan charts direction, while the budget provides resources to implement the plan. A strategic plan neither grounded in fiscal reality nor linked to the budget would be only a dream. On the other hand, resource allocation without strategic thinking would be shortsighted and unresponsive to future conditions.

Strategic planning guides the budget process. It establishes and affords management an opportunity to reevaluate existing allocations of funds. The City will develop strategies and action plans that detail what will be accomplished to achieve strategic planning goals and objectives each year. These action plans, together with performance measures, provide the strongest links between the operating and capital outlay budgets.

Planning and budgeting are interactive. Assumptions about available resources impact what can be achieved in the plan; the plan also sets priorities for resource allocations, including financial and other resources. Since government funding continues to be limited, strategic planning helps the City strive to "do more with less" while remaining focused on results.

# GOAL I Encourage sustainable economic growth and partnerships through business and workforce development

## OBJECTIVE A Increase effectiveness of workforce development efforts by building on existing collaborative partnerships between the City and local organizations

The City of Winchester continues to hear from our largest advanced manufacturing employers about the continuing need for a workforce with technical skills.

The City recognizes the importance of having a ready, versatile workforce to create a diverse pool of potential employees with the requisite skills our employers need. The City should help facilitate a steady supply of local workers who have the necessary education, including reading, math and writing. These skills will allow employers the opportunity to provide on-the-job technical training and prepare employees for a long career within their organization.

Allocating appropriate resources to promote Winchester as a place with many advantages to those looking to move or expand their business will help promote Winchester as a place of opportunity. The City needs to improve how it conveys this message to potential businesses, workers and executives.

# GOAL II

Promote and accelerate revitalization of catalyst sites and other areas throughout the city

## OBJECTIVE A

Continue promoting redevelopment/development of previously identified catalyst sites

The City of Winchester has several areas classified as catalyst sites in the 2011 Comprehensive Plan (and 2014 update). These sites are underutilized or hold great potential to contribute more to Winchester’s economy:

Meadow Branch Avenue | Ward Plaza | Berryville Avenue | National Fruit | Old Town

Although these sites will continue to be the emphasis of redevelopment or development, the City will target other focus areas for future commercial, residential and mixed-use development. The timing on many of these projects is driven by the market and the participation of current private property owners. However, by keeping these projects in the forefront, it empowers the City to take advantage of or encourage development opportunities as they arise.

Including sites which have begun the revitalization process in the Strategic Plan allows City staff to continue supporting future growth and investment.

# GOAL III Advance the quality of life for all Winchester residents by increasing cultural, recreational and tourism opportunities; enhance and maintain infrastructure and promote and improve public safety

## OBJECTIVE A

Increase cultural, recreational and tourism-related opportunities in Winchester

Quality of life is a necessary element if the city is to be viable and attractive to new businesses, residents and visitors. Quality of life has many factors, including but not limited to, a safe and active community that supports life-long learning experience.

Based on the citizen survey, the below areas were identified as the top three areas of improvement importance:

- 1) street maintenance      2) quality of public education      3) management of traffic flow

The City will target these areas and work with Winchester Public Schools to make improvements.

In order to continue to sustain and enhance overall community satisfaction, it is necessary to increase, identify and support community events that serve, and enrich a diverse community. In addition, the City can support the community while promoting public safety through the development and maintenance of the City's infrastructure, crime-prevention activities, recreational opportunities and transportation alternatives.

# EXPLANATIONS

**311** - Service request program

**AAA Bond Rating (the City's credit score)** - The highest bond rating achievable. The higher the bond rating, the more the City saves on interest rates when issuing bonds to pay for capital improvement projects.

**Accela** - A cloud-based civic engagement tool that the City will use for Council and boards and commissions agenda and member appointment management

**CAFR** - Comprehensive Annual Financial Report

**Capital Improvement Plan (CIP)** - Every year, the City adopts a plan for capital improvements for the next five years. Capital improvements include projects such as street construction, public buildings, traffic systems, park improvements, sewers, water infrastructure, etc.

**CEMS** - Comprehensive Employee Management System

**CERT** - The Community Emergency Response Team (CERT) Program educates people about disaster preparedness for hazards that may impact their area

**CIP** - Capital Improvement Plan

**City Hall Development Services Concourse** - The FY19 City Hall renovation project will reorganize City development offices to create a "one-spot-shop" for developers and contractors to improve customer service and efficiency

**City Hall Renovation** - Reorganize office locations to be more customer-friendly and create a development services concourse for "one-spot-shop" convenience for residents, developers, contractors and businesses

**Comprehensive (Comp) Plan** - Outlines community goals and aspirations for future development and guides public policy and decision making concerning transportation, utilities, land use, recreation and housing

**CRT** - The City's award-winning Community Response Team includes members from various departments who work together to tackle community issues

**CTE** - Career Technical Education

**DEQ** - Department of Environmental Quality

**EDA** - Economic Development Authority

**EDSP** - Economic Development Strategic Plan

**EPA** - Environmental Protection Agency

**ESF-6 Mass Care (Emergency Support Function)** - Federal mass care, emergency assistance, housing and human services when local and State response and recovery needs exceed their capabilities

**Everbridge** - The City's emergency notification system allows for the dissemination of emergency and non-emergency messages to subscribers and the 9-1-1 database

**FOIA** - Freedom of Information Act

**GFOA** - Government Finance Officers Association

**Green Circle Trail** - A designated pedestrian and biking trail that circles the city and connects major attractions

**Infrastructure** - Publicly-maintained sidewalks, streets, water/sewer lines, storm drains, etc.

**Innovative Idea Portal** - An easy way for employees and residents to share their innovative ideas on how to improve services or efficiencies with City administration. The best ideas will be selected and teams designated to implement.

**Knowledge Base** - Searchable online FAQ database for public use

**LED** - LED light bulbs are extremely energy efficient and consume up to 90% less power than incandescent bulbs. Since LEDs use only a fraction of the energy of an incandescent light bulb there is a dramatic decrease in power costs. Also, money and energy is saved in maintenance and replacement costs due to the long LED lifespan.

**LFCC** - Lord Fairfax Community College in Middletown, VA

**MuniCode** - Online searchable database for City Code

**NeoGov** - The City's online job vacancy application and applicant management program

**NFPA 1710 Standard** - Specifies requirements for effective and efficient organization and deployment of fire suppression operations, emergency medical operations and special operations to the public by career fire departments to protect citizens and fire department employees

**NOVATime** - Electronic time and attendance management software

**NSVSAC** - Northern Shenandoah Valley Substance Abuse Coalition

**OpenGov** - A cloud-based financial analysis platform that will allow for improved financial reporting and additional tools for the public to examine the City's budget

**PPP** - Public Private Partnership

**PUD** - Planned Unit Development

**Traffic Adaptive System** - A traffic management strategy in which traffic signal timing changes, or adapts, based on actual traffic demand

**Chesapeake Bay Watershed Initiative (CBWI)** - A Federal initiative, funded through the 2008 Farm Bill, that strives to improve the health of the Chesapeake Bay.

**STEM** - An educational program for science, technology, engineering and math

**TPOF** - Transportation Partnership Opportunity Fund

**VDOT** - Virginia Department of Transportation

**VIEW (Virginia Initiative for Employment not Welfare)** - Virginia Department of Social Services offers employment-related activities, education, training and needed support services to TANF (Temporary Assistance to Needy Families) program recipients while providing the opportunity to achieve economic independence and self-sufficiency

**WFCCVB** - Winchester-Frederick Co. Convention and Visitors Bureau

The strategic planning process is used throughout various industries and sectors, private and nonprofit, to direct an organization's priorities, actions and overall direction. The City of Winchester utilizes the strategic planning process to study and endorse broad issues of organizational direction, propose direct tasks that will be implemented in the City's pursuance of the strategic plan's goals. Through these ongoing strategic planning efforts, the City of Winchester continually renews its vision and reformulates strategies for realizing the City's vision on a periodic basis.
