CITY COUNCIL ACTION MEMO

To: Honorable Mayor and Members of City Council
From: Allen Baldwin, Chief of Fire & Rescue
Date: September 8, 2015
Re: Resolution to Accept the Virginia Department of Fire Programs (VDFP) Burn Building Grant

THE ISSUE:

The Winchester Regional Training Center burn building constructed in the early 1980's has reached its life expectancy for the training of firefighters. This building is utilized to train and certify firefighters in live fire scenarios. The building has been deemed non-compliant by the Virginia Department of Fire Programs (VDFP) as it no longer meets the requirements of NFPA 1001, 1402, and 1403 standards. In addition, the burn building is not considered to be structurally sound due to its age, condition and use and is no longer considered safe for live fire evolutions.

RELATIONSHIP TO STRATEGIC PLAN:

Goal 3: Advance Quality of Life for All Winchester Residents.

BACKGROUND:

The Winchester Regional Training Center began operation in 1966 as an effort to provide firefighter training to the City of Winchester firefighters and surrounding jurisdictions. Modifications to this center have been made over the years with the assistance of VDFP through state grant funds. The burn building in question has seen significant rehabilitation over the years to prolong its life. With the evolution of NFPA standards, the certifying process for firefighters has placed higher demands on facilities to upgrade to meet these requirements.

Currently, the FY2017 budget contains a capital project to replace this building in the amount of \$600,000 with additional monies coming from VDFP in the amount of \$430,000 for a total of \$1,030,000. The City Manager advised the WFRD to seek funding from this grant and the city was awarded a \$480,000 grant from VDFP to construct a new building. In addition, fire and rescue leadership from Clarke County and Frederick County have provided letters of support for this project although no amount of financial support has been defined at this time. We anticipate both entities will contribute financially once we have better cost estimates. The construction of this project will be subject to competitive bidding and the final cost of construction may be less than currently estimated.

BUDGET IMPACT:

Staff currently estimates that an additional amount of \$300,000 from the participating jurisdictions will be needed as the cost sharing portion to complete the building bringing the total project to \$780,000. To begin this project, a supplemental appropriation for this project will be sent forward to Council in the fall.

The performance period for the grant is 20 years with required yearly inspections by certified engineers as well as ongoing repairs that can be supplemented by additional VDFP grant monies. Limited budget requests may be made necessary in future years to offset the required inspection costs and potential repairs.

OPTIONS:

Option 1: Authorizes the City Manager to accept and execute any agreements related to the acceptance of the VDFP grant to design and construct a burn building and to administer all of the necessary reporting duties related to this grant and authorize the supplemental appropriations at a later date.

Option 2: Refusal of the award.

RECOMMENDATIONS:

It is recommended that the City Council authorize the acceptance of the \$480,000 grant award from the VDFP and direct staff to begin planning and estimating efforts to construct a new burn building at the Winchester Regional Training Center.

**RESOLUTION TO ACCEPT THE VIRGINIA DEPARTMENT OF FIRE
PROGRAMS (VDFP) BURN BUILDING GRANT**

**A RESOLUTION TO AUTHORIZE THE
CITY MANAGER TO ACCEPT AND EXECUTE

Chief J.D. Orndorff
Winchester City
231 E Piccadilly Street
Winchester, VA 22601

Dear Chief Orndorff:

On behalf of the Virginia Fire Services Board, we are pleased to advise **Winchester**, Virginia of a **grant award of up to \$480,000 for the new construction** of a burn building as a prop to assist in training the fire service for its jurisdiction. The grant award is allocated as up to \$450,000 for the new construction and up to \$30,000 for architect and/or engineering services, totaling \$480,000.

According to the amended application submitted, the City has elected to construct its burn building according to the minimum standards specified in Prototype I, Class A.

This award is effective: FY2016

Accordingly, the **City has until August 31, 2016 to submit a valid building permit and begin construction** consistent with the terms and conditions of the mutually executed Disbursement Agreement. Following such date, the City will have an additional twelve (12) months to complete construction and collect the balance of their award. **The project expiration date is marked as August 31, 2017.** 

Be advised that all documents are available on our website at www.vafire.com under the Grants and Local Aid: Burn Building link, including the VFSB Burn Building Policy which is effective as of July 1, 2013. The City is required to review these documents very carefully in order to progress with its project in compliance with the terms and conditions of this grant award and the Policy that governs the Burn Building Grant Program.

In accordance with the Burn Building Policy, the City will be required to attend an Orientation Meeting at the Division 2 Office in Culpeper, Virginia that must be held within thirty (30) days of award notification. The purpose of this meeting is to introduce VDFP staff to new grants recipients, provide an overview of the Burn Building Grant Program, and offer an opportunity for grants recipients to ask questions about the grants process. **The City must schedule the Orientation Meeting by September 3, 2015.**

Two originals of the Burn Building Disbursement Agreement are included. The City Manager must sign both originals and have them sent to my attention. Both originals will be counter signed by the Virginia Department of Fire Programs. One original will be returned to the City for Local file retention. **No funds disbursements will be authorized or released without the executed disbursement Agreement.**

Funds disbursement for new construction projects will be made in five (5) installments upon notification by the jurisdiction to the Agency. Once a valid building permit has been submitted and an executed Agreement is on file, the jurisdiction is eligible to draw the first 25% of the construction grant. Once A/E services are complete, jurisdictions may also request reimbursement for such services up to the amount awarded by the VFSB not to exceed \$30,000. Remaining funds disbursements for the construction grant will be made upon jurisdiction request on the percentage of completion method at 50%, 75% and 100% completion. In order to be eligible for final payment, the prop must be placed in operation. It is the responsibility of the jurisdiction to maintain all such records subject to audit by this Agency or its assignees for a period of five (5) years following the date of the last transfer of award funds to the grant recipient.
