CU-15-388 Request of Peter S. Grasso Jr. of Grasso & Sons Development LLC for a Conditional Use Permit for a single-family detached dwelling at 2413 Valley Avenue (Map Number 270-03- -13) zoned Highway Commercial (B-2) District with Corridor Enhancement (CE) District Overlay zoning.

REQUEST DESCRIPTION

The request is for Conditional Use Permit (CUP) approval under Section 8-2-11 of the Zoning Ordinance for a single-family detached dwelling on the subject property.

AREA DESCRIPTION

The subject property is located along the southern corridor of Valley Ave where an existing single-family detached dwelling has existed on the property. The "U" shaped parcel also includes two automotive repair service centers on site at 2409 & 2425 Valley Ave. The subject parcel surrounds the property known as 2417 Valley Avenue that was recently used as real estate office and is not affiliated with the applicant/owner. A majority of the surrounding parcels are zoned B-2 with Corridor Enhancement Overlay. The subject property also has access to Hillcrest Alley where residential properties zoned Low Density Residential back to the alley.

STAFF COMMENTS

The CUP request for conversion to a single-family detached dwelling use is outlined in a letter from the applicant, Mr. Peter Grasso, to the City received on July 7, 2015 (see attached). The applicant also provided supporting materials included in the packet including floor plans of the building and photos of the building. As indicated in the letter, the applicant wishes to utilize the existing dwelling as a residence occupation for a licensed acupuncture practice which would be located on the first floor of the building and the second floor would be residence, as shown in the attached floor plans. There was a site plan revision also submitted with the CUP application showing upgrades in parking for the site which include an addition 6 parking spot for parcel which includes 11 spots previously for a new total of 17 parking spots on site.

RECOMMENDATION:

In order for a CUP to be issued, a finding must be made that the proposal as submitted or modified will not adversely affect the health, safety or welfare of residents and workers in the neighborhood nor be injurious to adjacent properties or improvements in the neighborhood.

At the August 18, 2015 meeting, the Planning Commission forwarded **CU-15-383** to City Council recommending approval per Sections 8-2-11 of the Zoning Ordinance because the proposal, as submitted, will not adversely affect the health, safety or welfare of persons residing or working in the neighborhood nor be detrimental to public welfare or injurious to property or improvements in the neighborhood. The approval is subject to:

1. Staff review and approval of the required site plan.
2. The parking improvements as shown in the site plan are completed prior to the issuance of the Certificate of Occupancy.
