## Certification for Chimney or Venting System Installation

**PERMIT NUMBER** \_\_\_\_\_

I hereby certify that the permitted Installation of the chimney venting assembly has been installed in accordance with the adopted mechanical and gas codes. Upon replacement or new installation of any fuel burning appliance or equipment in existing buildings, the person performing such changes or installation shall certify that the connected vent or chimney system complies with the following Code Sections M1801.1.1 & G2425.1.1 which state:

1. Vent or chimney system is sized in accordance with the adopted codes.
2. Vent or chimney systems are clean, free of any obstruction or blockages, defects or deterioration and are in operable condition.

Improper installation shall be corrected, at no cost to the tenant or the property owner, by the installing contractor and/or the subcontractor(s). This vent system certification must be submitted to the Building Inspector at time of inspection.
