3. Future Direction:

Douglas Community Learning Center (DCLC) – Jim O'Connor and John Hill advised the committee that more information on the center would be available after the steering committee meeting to be held on July 28th, 2010. The committee will be touring the building and hearing from Dr. Leonard. Citizens of the community are planning fundraisers for the center. The building appears to be in good shape. Projects currently based in the center hopefully will remain.

4. Staff Update:

Carla Taylor advised the committee of Winchester City Council's approval of the Section 108 Loan from HUD. A presentation will be made to the committee in the coming months regarding the loan specifications. Council also approved the expenditure of all old CDBG funds. NW Works and The Laurel Center are two of the CDBG recipients. The committee is planning a tour of NW Works in the near future.

The meeting was adjourned at 8:25 AM. The August meeting has been cancelled. The next scheduled meeting of the Community Development Committee is Thursday September 16, 2010 at 8:00 AM in the conference room of the Office of Housing and Neighborhood Development.
