Make a good first impression. When applying for a job your first impression is your resume. Employers only spend seconds looking at a resume so it MUST look good (format) even before they read it. The Resume Workshop shows the participant how to format, write and include important information employers may want to see. Don't let nerves blind your future employers from seeing you. Job interviews are an important step in getting the job. This workshop will show you how to have an effective interview. The Interview Workshop includes making a great impression, exchanging information and selling yourself. Don't miss this great workshop on improving yourself for the best job.

This Course is designed as a follow up class to the Android Beginner class. You must have attended the Android for Beginners to sign up for this class.

A new program offered by CLEAN, Inc. using the Botvin LifeSkills Training curriculum, this Life Hacks course is designed to give teens the confidence and skills they need to handle challenging situations. Small groups of 8-10 teens are guided through a workbook-based curriculum by two trained facilitators. Groups will cover various topics including healthy decision-making, risk-taking and substance abuse, media influence, managing stress and anger, family communication, and healthy relationships. This comprehensive program covers many essential skills for success in school and the rest of life to come. The Program includes a workbook and materials.
